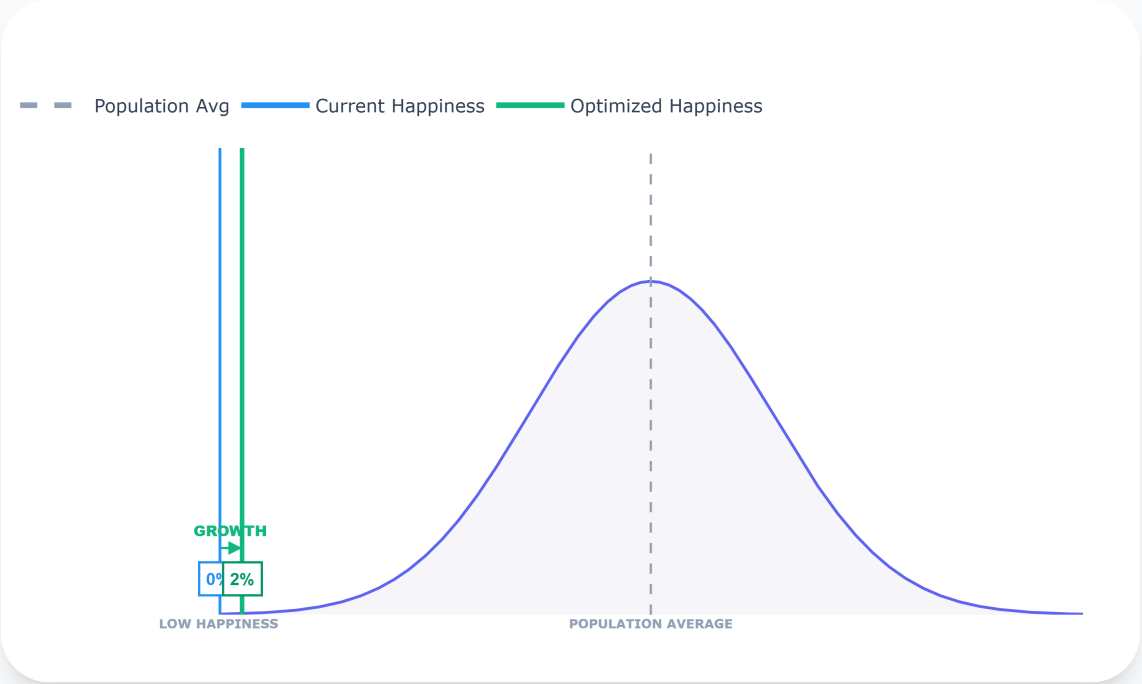
Identity Optimization Analysis

Now that we know the aspects of your personal identity that you feel are most important, we can make inferences about several aspects of your personality and well-being. For each of these attributes (happiness, goodness, success, resilience, extrovertedness) we show where you sit relative to the U.S. population, and where you could be with minor changes in which identity components you prioritize.

1. Happy

Happiness refers to your overall sense of life satisfaction, emotional well-being, and perceived fulfillment in personal and social life.



By incorporating Family Relations into your top priorities, you could significantly boost your Happiness percentile from 0.1th to 2.7th.
